

**Instructions for the positioning of a button (virtual sticker) on the cover of your organizer:**

- In the layout editor, under "Add images", upload the sticker as jpg.
- Drag and drop the sticker in the middle of your cover.
- Then right-click on "Info" in the menu on the right-hand side of the editor. Under "Coordinates", enter 45mm in the breadth (b) field (the height will be automatically adjusted) and click on "Enter".
- Now, click on "Effects", in the menu on the right, and then on "Shapes" and choose the circle symbol (the first symbol in the second row).
- You may now position the seal in a suitable area of the cover.
